V55.- Some people feel they have completely free choice and control over their lives, while other people feel that what they do has no real effect on what happens to them. Please use this scale where 1 means "no choice at all" and 10 means "a great deal of choice" to indicate how much freedom of choice and control you feel you have over the way your life turns out:

		How much freedom of choice and control over own life

V70.- Now I will briefly describe some people. Using this card, would you please indicate for each description whether that person is very much like you, like you, somewhat like you, not like you, or not at all like you?
"It is important to this person to think up new ideas and be creative; to do things one's own way. "

V89.- Now I'd like you to look at this card. I'm going to read out some forms of political action that people can take, and I'd like you to tell me, for each one, whether you have done any of these things, whether you might do it or would never under any circumstances do it:
"Any other act of protest"

	TOTAL	Political action: Any other act of protest					
		Have done	Might do	Would never do	Inappropriate	No answer	Don´t know

V98.- Now I'd like you to tell me your views on various issues. How would you place your views on this scale? 1 means you agree completely with the statement on the left; 10 means you agree completely with the statement on the right; and if your views fall somewhere in between, you can choose any number in between.
"Government should take more responsibility to ensure that everyone is provided for" vs.
"People should take more responsibility to provide for themselves"

V101.- Now I'd like you to tell me your views on various issues. How would you place your views on this scale? 1 means you agree completely with the statement on the left; 10 means you agree completely with the statement on the right; and if your views fall somewhere in between, you can choose any number in between.:
"People can only get rich at the expense of others" vs.
"Wealth can grow so there's enough for everyone"

V131.- Many things are desirable, but not all of them are essential characteristics of democracy. Please tell me for each of the following things how essential you think it is as a characteristic of democracy. Use this scale where 1 means “not at all an essential characteristic of democracy” and 10 means it definitely is “an essential characteristic of democracy”:
Governments tax the rich and subsidize the poor

		Democracy

V132.- Many things are desirable, but not all of them are essential characteristics of democracy. Please tell me for each of the following things how essential you think it is as a characteristic of democracy. Use this scale where 1 means "not at all an essential characteristic of democracy" and 10 means it definitely is "an essential characteristic of democracy":
Religious authorities ultimately interpret the laws

V139.- Many things are desirable, but not all of them are essential characteristics of democracy. Please tell me for each of the following things how essential you think it is as a characteristic of democracy. Use this scale where 1 means "not at all an essential characteristic of democracy" and 10 means it definitely is "an essential characteristic of democracy":
Women have the same rights as men

V196.- Now, I would like to read some statements and ask how much you agree or disagree with each of these statements. For these questions, a 1 means that you "completely disagree" and a 10 means that you "completely agree":
It is not important for me to know about science in my daily life

		It is not important for me to know about science in my daily life

Y003.- Autonomy Index is a computed variable based on the Children qualities battery.
It uses only four variables:
V19= Important Child Qualities: Religious Faith
V21= Important Child Qualities: Obedience
V12= Important Child Qualities: Independence
V18= Important Child Qualities: Determination, Perseverance
Only variables with answers to all v19,v21,v12,18 have an index. The SPSS like formula is:
Compute Y003=-5.
if v19>=0 and v21>=0 and v12>=0 and v18>=0 then Y003=(v19 + v21)-(v12 +v18).

		Autonomy Index
